

The screenshot displays the Jetti vendor portal interface. The top navigation bar includes the Jetti logo, user information (TJ Swim), and a 'Feed items' section showing '1 to 50 of 262' items. A green status bar at the top indicates 'This feed was last synced 31 minutes ago and will be synced hourly.' Below this, a grid of four product cards is shown, each featuring a photo of a woman in a white bikini bottom. The products are:

- Product 1: Ana Bottoms ANABOTTOMS-6, size L, color WHITE.
- Product 2: Ana Bottoms ANABOTTOMS-4, size M, color WHITE.
- Product 3: Ana Bottoms ANABOTTOMS-2, size S, color WHITE.
- Product 4: Ana Bottoms ANABOTTOMS-3, size M, color BLACK.

Each product card includes a 'Connect' button and a 'Not published' button. Below the product details, pricing and availability information is displayed:

Product	Price	Quantity	Status
ANABOTTOMS-6	19.00	0	Available
ANABOTTOMS-4	19.00	0	Available
ANABOTTOMS-2	19.00	23	Available
ANABOTTOMS-3	19.00	0	Available

The interface also features a sidebar with navigation options (Home, Inventory, Sales, Dropship purchases) and a 'Start your subscription!' section with 'Setup' and 'Subscribe' buttons. A chat window at the bottom left offers 'Question? Chat to our team.' and a 'Sign out' button is visible at the bottom right.

Easily manage access to your entire product catalog. Simply select which items can be drop shipped for each dropship retailer, then set custom pricing or commissions.

Once you have selected the products you want to be made available, retailers can start publishing with just a few clicks. Any pricing or inventory updates are automatically synced through Onport to avoid overselling.

This can help prevent issues regarding product availability and inventory, ensuring a correct sync for each appropriate retailer - saving you valuable time and potential headaches!
